AN ACT MAKING AN APPROPRIATION TO THE DEPARTMENT OF

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

SECTION 1. The following sum, or so much thereof as may be
necessary, is appropriated out of any money in the State General
Fund not otherwise appropriated, to the Department of
Rehabilitation Services for the fiscal year beginning July 1,
2019, and ending June 30, 2020 \$ 25,568,222.00.

SECTION 2. The following sum, or so much thereof as may be
necessary, is appropriated out of any money in any special fund in
the State Treasury to the credit of the Department of
Rehabilitation Services which is comprised of special source funds
collected by or otherwise available to the department for the
support of the various offices of the department, for the purpose
of defraying the expenses of the department for the fiscal year
beginning July 1, 2019, and ending June 30, 2020
..... \$ 211,309,657.00.

SECTION 3. Of the funds appropriated under the provisions of Section 2, Three Million Six Hundred Eighty-one Thousand Eight Hundred Two Dollars (\$3,681,802.00) shall be derived from the Health Care Expendable Fund created in Section 43-13-407, Mississippi Code of 1972. The above funds shall be allocated as follows:

Fully match all available federal

funds \$ 2,782,590.00.

Independent Living Program which

includes the State Attendant

Care Program \$ 854,903.00.

Deaf and hard of hearing \$ 44,309.00.

SECTION 4. Of the funds appropriated under the provisions of Sections 1, 2 and 3, the following positions are authorized:

AUTHORIZED POSITIONS:

	Part Time	1

The Office of Vocational Rehabilitation for the Blind shall remain accredited by using not more than Five Hundred Dollars (\$500.00) of the funds appropriated along with matching funds for payment of fees to an accreditation agency recommended by the Rehabilitation Services Administration.

With the funds herein appropriated, it shall be the agency's responsibility to make certain that funds required to be appropriated for "Personal Services" for Fiscal Year 2021 do not exceed Fiscal Year 2020 funds appropriated for that purpose, unless programs or positions are added to the agency's Fiscal Year 2020 budget by the Mississippi Legislature. Based on data provided by the Legislative Budget Office, the State Personnel Board shall determine and publish the projected annual cost to fully fund all appropriated positions in compliance with the provisions of this act. It shall be the responsibility of the agency head to ensure that no single personnel action increases this projected annual cost and/or the Fiscal Year 2020 appropriations for "Personal Services" when annualized, with the exception of escalated funds and the award of benchmarks. If, at the time the agency takes any action to change "Personal Services," the State Personnel Board determines that the agency has taken an action which would cause the agency to exceed this projected annual cost or the Fiscal Year 2020 "Personal Services" appropriated level, when annualized, then only those actions which reduce the projected annual cost and/or the appropriation requirement will be processed by the State Personnel Board until such time as the requirements of this provision are met.

Funds are provided herein for all full-time employees to receive up to a Three Percent (3%) pay increase to the realignment

component of the Variable Compensation Plan, excluding head of agencies, board members and commission members.

Any transfers or escalations shall be made in accordance with the terms, conditions and procedures established by law or allowable under the terms set forth within this act. The State Personnel Board shall not escalate positions without written approval from the Department of Finance and Administration. The Department of Finance and Administration shall not provide written approval to escalate any funds for salaries and/or positions without proof of availability of new or additional funds above the appropriated level.

No general funds authorized to be expended herein shall be used to replace federal funds and/or other special funds which are being used for salaries authorized under the provisions of this act and which are withdrawn and no longer available.

None of the funds herein appropriated shall be used in violation of Internal Revenue Service's Publication 15-A relating to the reporting of income paid to contract employees, as interpreted by the Office of the State Auditor.

SECTION 5. It is the intention of the Legislature that the Department of Rehabilitation Services shall maintain complete accounting and personnel records related to the expenditure of all funds appropriated under this act and that such records shall be in the same format and level of detail as maintained for Fiscal Year 2019. It is further the intention of the Legislature that

the agency's budget request for Fiscal Year 2021 shall be submitted to the Joint Legislative Budget Committee in a format and level of detail comparable to the format and level of detail provided during the Fiscal Year 2020 budget request process.

Of the funds appropriated herein, the Mississippi Department of Rehabilitation Services through the Office of Vocational Rehabilitation for the Blind is authorized to expend an amount not to exceed One Hundred Thousand Dollars (\$100,000.00) for the National Federation for the Blind (NFB) News line service to allow blind and visually impaired persons to access newspapers through toll-free telephone calls.

SECTION 7. It is the intention of the Legislature that whenever two (2) or more bids are received by this agency for the purchase of commodities or equipment, and whenever all things stated in such received bids are equal with respect to price, quality and service, the Mississippi Industries for the Blind shall be given preference. A similar preference shall be given to the Mississippi Industries for the Blind whenever purchases are made without competitive bids.

SECTION 8. In compliance with the "Mississippi Performance Budget and Strategic Planning Act of 1994," it is the intent of the Legislature that the funds provided herein shall be utilized in the most efficient and effective manner possible to achieve the intended mission of this agency.
